BURN LEAD 'TIL YA' DEAD!

As a lot of you know from reading these random notes of mine, you know that the time period between when I write them and when you finally see them is typically a few weeks between. And this month is no exception. As I write this, it's January 4th, and this is the Editor's Note for our February 2023. In just a week's time we will begin working on our March issue. It's a little crazy to think that we'll be two weeks into the actual month of January, and we'll already be working two months beyond the actual calendar date on our March issue! It never lets up! It's a good thing that I like my job so much!

And of course, since it is our February issue, our issue's theme once again celebrates *Black History Month*, showcasing the comics and graphic novels that feature black main characters, that were created by African-American creators, or which dramatize the black experience. We once again have a great selection of great backlist and new titles from which to choose this month, and we have some suggested titles for you to check out on page 254.

And since we're talking Comics for *Black History Month*, let me introduce you to my friend, **Barry McClain Jr.**, artist of *Anne Bonnie*, *Q-Ball* and the fantastic *Billy the Kit* (Vol. 1 TP / MAR221485). I met Barry through Facebook and was immediately captured by his unique, dynamic style of penciling, but also by his take-no-prisoners ultra-positive attitude that he pours into every page of the projects he illustrates. His favorite catch-phrase that easily sums up his approach to illustrating comics? *Burn Lead 'til Ya' Dead!*

Barry's penciling style reminds me a lot of the style of an old friend of mine from California, **Glen Johnson**, who had some limited success in the early '80s drawing comics for Blackthorne Publishing, including *Star Wars 3-D*. He

didn't pursue a life in comics past those issues, and I'm disappointed that he didn't get to carry on in comics and get the proper fan following he deserved... he was so talented.

Barry worked months and months to bring *Billy the Kit* to life via Blue Juice Comics (and writer Justin Gray), and it was worth the wait in my opinion. It's a wild west anthropomorphic adventure unlike anything you may have seen, and I highly recommend picking up Volume 1 of the series. Barry's star is just beginning to rise, and I hope that some of you will check out his work and become a lifetime fan like me!

Elsewhere, our *Indie Edge* interview profiles writer/editor Matias Timarchi, who goes by the name of "Matts" to his friends and fans. He's originally from Argentina, but now lives in California where he writes and edits various titles for the English-speaking market as well as the foreign market. He's best known for writing *Machine Girl* for Red 5 Comics, which I have followed since Volume 1. It's a great Sci-Fi action series with a beautiful protagonist, unusual characters, and amazing settings... another great title you should check out! Read our exclusive *Indie Edge* profile/interview with "Matts" on page 10!

And don't forget we're still showcasing all of this year's *FREE COMIC BOOK DAY* offerings in our *FCBD23* section starting on page 31! It never hurts to familiar yourself with what will be available on the first Saturday in May, so you don't miss any titles!

That's all I've got for this month. Thanks for picking up this issue and joining us for 544 pages of the coolest stuff on Earth! Until next month...

Growth of the Million Dollar Comic Sales

In 2010, a copy of *Action Comics* #1 CGC 8.0 sold for \$1 million through ComicConnect, becoming the first book to reach that milestone. Similar sales were rare over the next decade, recording seven total comics selling for over \$1 million. That all changed in late 2020.

Several months into the COVID-19 pandemic, the \$1 million comic market started growing quickly with nine books surpassing that mark from November 2020 to December 2021. Four of those sales were for more than \$2 million and the record for most valuable book was set twice, with *Amazing Fantasy* #15 CGC 9.6 claiming the record when it reached \$3.6 million at Heritage Auctions.

In 2022, another nine books sold for over \$1 million, bringing the total to 18 sales in just two years. Showing further growth, of those nine sales in 2022, four of them were for more than \$3 million. The highest price paid for a comic changed for the third time in two years when the *Superman* #1 Edgar Church (Mile High) CGC 8.0 copy sold for \$5.3 million in a brokered sale that was reported by CGC.

Superman and Batman dominated the top results with their earliest keys making up five of the biggest sellers in 2022. The *Action Comics* #1 (Rocket Copy) CGC 6.0 changed hands twice in '22, realizing \$3.1 million in January at Heritage then going for \$3.4 million via Goldin Auctions and Metropolis in September.

The number of titles selling for over \$1 million also expanded. First time seven-figure sellers included *Fantastic Four* #1 (first Fantastic Four) CGC 9.2 for \$1.5 million, *Captain America Comics* #1 (first Captain America, Bucky Barnes, and Red Skull) San Francisco Pedigree CGC 9.4 for \$3.1 million, and *All Star Comics* #8 (first Wonder Woman) for \$1.6 million – all at Heritage.

While the market is now experiencing a leveling off period, more \$1 million comic sales with new records and new titles are sure to be added to the club.

Superman #1 Edgar Church (Mile High) CGC 8.0 sold for \$5.3 in April 2022 in a brokered sale.

The *Action Comics* #1 (Rocket Copy) CGC 6.0 was sold twice in 2022, first for \$3.1 million by Heritage, then for \$3.4 million by Goldin Auctions and Metropolis.

Captain America Comics #1 San Francisco Pedigree CGC 9.4 sold for \$3.1 at Heritage.

Please tell us a bit about yourself!

Hello, My name is Matts. I'm an editor and writer, originally from Argentina. I've been living in California for the past 5 years. I also work as an editor in Argentina and Spain, working in the localization of several graphic novels and manga in those countries. But the big news is that my new company, Alien Books, is teaming up with FairSquare Comics! From April 2023 on, we're going to release over 20 exciting new titles with both established creators like Damian Connelly, Ariel Olivetti, and Leandro Fernandez, but also promising new talents!

What are your favorite projects you've contributed to over the past decade?

Over the past decade, I have been a part of many projects that were published with our friends at Red 5 Comics. I was involved (as a writer) in titles like *Machine Girl* (Vol. 1: *Just A Girl in The World* / FEB211483) and others like *Angela della Morte*, *MEGA*, *Xira*, *Mandrake the Magician*, *78MPH* and *Merlin & Hector*. Most recently, I was involved with Titan Comics' latest hit: *Kamen Rider Zero One* (Vol. 1 / JAN231078). I coordinated that series.

What are you currently working on?

As a writer, I'm working on the new *Machine Girl* mini-series, that we expect to publish around October 2023. I'm also working on a few series of books that are being drawn and colored as we speak: *The Huntsman* (A slasher horror q yet, but I will tell you that I'm working with very talented creators on top of those I mentioned earlier. We have projects with Eduardo Risso (*100 Bullets*, *Batman*), Renato Guedes (*Superman*, *Wolverine*) and legendary artist Juan Giménez. I can promise unpublished material from the late master artist. Prepare to be blown away!

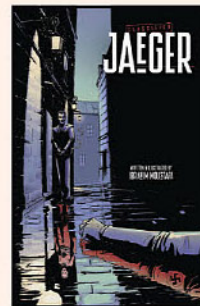

F² ALIEN BOOKS

Retailers and fans will be able to find the Alien Books titles in the FairSquare Comics section of **PREVIEWS** (See Page 408 of this issue for the Whatnot section)! Our partnership came naturally. I'm also an immigrant like FairSquare Comics founder Fabrice Sapolsky, and our comics/graphic novels really complement each other. We even have our own color in their coded system (Gold).

What fun titles are you reading?

Well, quite a few! I like a lot of the new books FairSquare Comics is putting out into the market, like *Classified: Jaeger* (Cover A / MAR221607), *Classified: The Black Box* (Issue #0A / JUN221561) and *Noir is the New Black* (Vol. 1 / JUL211635). I would also recommend the brilliant series *You Promised Me Darkness* (Vol. 1 / NOV211228) and *Follow Me into The Darkness* (AUG221852) from Damian Connelly.

USER'S GUIDE

There's a *lot* of awesome comics and products to look through in **PREVIEWS**. "A lot" might be a bit of an understatement, as each month's catalog is filled with hundreds and *hundreds* of pages of upcoming comics and related merchandise! It can be easy to accidentally overlook a new series you've been dying to read or a figure you've been pining to add to your shelf when there's so many things to browse. That's why we've put together this guide to help you learn how to use **PREVIEWS** like a pro to order the awesome titles and products you want!

WHAT EXACTLY IS PREVIEWS?

PREVIEWS is part catalog, part magazine (we call it a *Mag-a-log!*) of monthly listings of all of the upcoming comic titles and related products from your favorite publishers and manufacturers in one convenient place. And don't worry—**PREVIEWS** is organized by publisher and product type (and color-coded to boot!), to make it easy to find and flip to the section or items you're looking for. Each item listing has the information you need, such as format, size, page count, price, release date, stock or item code, and descriptive text, and nearly every listing is accompanied by artwork or images.

The most important aspect of **PREVIEWS** to remember is that items solicited in the catalog are anticipated to ship 2-3 months later (or more). For example, if you found a comic you wanted in the May issue of **PREVIEWS**, you can expect to see

it turn up in your local comic shop in July. The catalog can be a great resource for figuring out where your favorite comic series is going, or for discovering new ones that you'll want to add to your library—not to mention all the other awesome products!

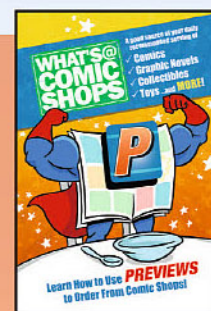

HOW DO I ORDER FROM PREVIEWS?

When you've picked out all of the items you want, you can fill out the **Short Order Form** included in your copy of **PREVIEWS** and submit it to your local comic shop. You can also ask your friendly neighborhood retailer about obtaining a **Customer Order Form**, a booklet that contains a complete listing of all the items made available for that month. These forms make pre-ordering your

comics and products a breeze and can help your local comic shop decide what to stock in the store for other customers, too! Be sure to also ask

your retailer about their **pullbox or subscription service**. Once you've submitted your order, you can sit back and relax, or try to contain your excitement until your comics and merchandise arrive!

EXPLORE THE HISTORY OF JAZZ MUSIC IN IMAGE COMICS' *DEEP CUTS*

Along the shores of the Mississippi, from the Delta to the flood plains of Mississippi, and above all in the city of New Orleans — an American form of music was born in the early twentieth century — jazz. Powered by black musicians, sharecroppers or the sons of sharecroppers, using whatever instruments were at hand, some improvised, some hand-me-downs, the early jazz pioneers developed a musical language that has encircled the globe and continues today.

Writers Kyle Higgins and Joe Clark explore the rich history of jazz in their new Image Comics series *Deep Cuts*. Beginning in World War I-era New Orleans with artist Danilo Beyruth, *Deep Cuts* reveals the people behind the music, their dreams and their fears, the challenges that held them back and the freedom they found in the form. Close your eyes, and let the music of *Deep Cuts* move you.

A BAKING COMPETITION TURNS DEADLY IN DARK HORSE'S THE GREAT BRITISH BUMP-OFF

The Beatles, James Bond, Baking competitions — Great Britain's three great cultural exports of the last half century. The third — baking competitions — have been especially popular the last ten years, with a disparate group of ordinary people brought together to compete in a series of baking challenges. In John Allison and Max Sarin's new Dark Horse Comics series, *The Great British Bump-Off*, the baking competition has crossed the line into murder, and contestant Shauna Wickle has to bake the cake, avoid the murderer, solve the crime, and maybe even win the prize. In April 2023, *Blade Runner: 2039* starts a new arc, as **Ash** and **Cleo** take to the road and head to San Francisco in search of Cleo's missing mother. However, this trip won't be a well-deserved break- the pair must journey through the dangers of the I-5 Highway, as well as the continuing threat of **Luv**

We interviewed editor **David Leach** on Titan's *Blade Runner* comics, and discussed what is in store for *Blade Runner: 2039*.

© Copyright 2023 Alcon Entertainment LLC

DAVID LEACH, *BLADE RUNNER 2039*

Hello David! With issue #5, *Blade Runner: 2039* is at the beginning of the end of Ashina 'Ash' Aahna's saga. When you were first approached to be the editor of *Blade Runner 2019*, did you envision the series would be so successful?

We always hope our books will be successful, and I really hoped *2019* would be, but I had no idea that I'd be working on the third arc and have produced two other spin offs! I love the world of *Blade Runner*, and have done ever since I saw the original movie at a preview back in 1982. It's a film that has stayed with me and remains in my top ten of all time favorite movies. The opportunity to work in the *Blade Runner* world is a literal dream come true for me! So it's success is a constant delight for me.

Titan's and Alcon's *Blade Runner* comics have done much to expand the universe of the franchise. As an editor, how do you go about overseeing and being responsible for the lore of such an iconic fictional world?

I work very closely with Jeff Conner at Alcon on all canonical matters, we often have lengthy discussions about all sorts of matters, like Replicant behaviour, the number of *Blade Runner* employed, whether Replicant organs can be transplanted (they

can't) or indeed anything to do with the world of *Blade Runner*. We'll send each other articles about topics that are related to the world. It's often one of the most enjoyable aspects of the comics.

What has it been like working with an award-winning creative team- Mike Johnson, Andres Guinaldo, and Marco Lesko- over the course of three series?

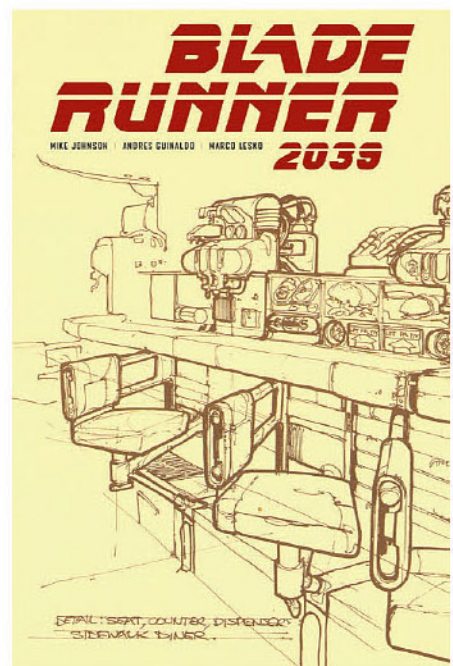

Mike came onboard the project from the get go, he and Michael Green had a clear vision in mind and I left them to it, I always enjoy working with Mike, we'll have long talks about the arcs and I listen intently and offer suggestions and concepts, but the rest is up to him. I love getting his scripts and the way they make the hairs on my arms stand up. The hardest thing for me in the beginning was finding the right artist. Andres blew everyone away with his samples and I knew from those he was the right man for the job, each of the three artists I've worked with on *Blade Runner* titles have been unique artists with an original and unique style. In a way, Andres set the standard by which I've gauged all the other artists. And finally there's Marco, who is a superb colourist, he studied the two films almost frame by frame coming up with a colour palette for the comics and his attention to detail is exemplary.

In this new arc, Cleo and Ash take to the road and travel to San Francisco. If you could go on a road trip with anyone in the *Blade Runner* universe, who would it be and why?

It has to be Roy Batty, just to listen to his life story would make the miles fly by, for what a life he lived.

Without revealing any spoilers, what can readers expect going into this new arc of *Blade Runner 2039*?

No spoilers? Okay, how about, blood, sweat and a lot of tears.

This is a tale of woe about a monster with physical needs. It needs a restroom. It needs food, too. And, most unfortunately, it needs... sexual satisfaction. The only thing standing in its way are the men and women of science. The **complete collection** of the
Eisner Award-nominated hit!

After an apocalypse which wiped out nearly all magic from a once-wondrous fantasy world, an antisocial former bard named Hum seeks a way to save the soul of his wife with nothing but a foul-tempered mutant pentacorn and his wits to protect him. But in the process, he is unwillingly drawn into a brutal power struggle which will decide forever who rules the weird wasteland...

Written by GLAAD Media Award-winning author **Simon Spurrier** (*The Dreaming, Damn Them All*) and lavishly illustrated by Eisner Award-nominated artist **Matías Bergara** (*Step By Bloody Step, John Constantine: Hellblazer*), **Coda** is the Eisner Award-nominated, relentless kaleidoscope of visual wonders, exploring high fantasy and the post-apocalypse through the lens of a curmudgeonly loner in search of his lost love.

The Order promises peace through order. All they ask is that you obey without question. Disobedience is treason—a crime punished by elimination. If you are outside of the system? You are non-essential—a crime punishable by elimination. But it only takes one spark to turn basic survival into a full-blown resistance—one act to turn fearful individuals into a powerful movement. It is not enough just to survive, one must be allowed to live!

THE LION KING ROARS ONCE MORE WITH A SPECIAL SPOTLIGHT ON SCAR

The Lion King means so much to several generations at this point. What were some of your first and most memorable experiences with the story and world, whether the original film, on stage, spinoffs, or even in other media?

Chuck Brown: I'll never forget the first time I saw the original film. Listening to the "circle of life" as the animals gathered to witness the presentation of the newborn cub of Mufasa and Sarabi. The story was so simple yet brilliant.

Trevor Fraley: While I can't remember the first time I saw the animated film, I can say that I've seen it enough times to know most of it by heart from beginning to end. I was born the same year it came out, so it's literally always been a part of my life and was most likely one of the first movies I ever saw. I think when I saw the stage musical when I was older, it really solidified how beautiful the story is. Seeing it in both mediums told in different ways helped me understand the art it takes to convey characters in this world.

Disney's villains are so iconic and often just as compelling as the protagonists and heroes of their respective tales. Many would place Scar up toward the top of the pack. What draws you to him as a character?

Brown: Scar was a master manipulator with cunning like no other. Seeing him being in command of a legion of hyenas is what sold it for me. The character was ruthless, but he also made me laugh. Scar is living in someone else's shadow and feels

his destiny is being taken away from him. That's something a lot of us can relate to.

Fraley: He's just really cool. Definitely not his actions, but his style and character design are just so iconic. How could you not be drawn to him? "Be Prepared" was one of the first villain songs where I noticed "This guy is scarily into this idea." And by the end when he erupts into madness, you're just all in, even though you know what's about to come next.

Chuck, this story primarily runs parallel to the original film, starting with Simba already born, but Mufasa still in power over the Pride Lands. How were you able to develop and weave your story through the narrative that was in place and has to "proceed" as fans know it?

Brown: The series takes place after Simba is born, and ends before kid Simba and Nala are attacked by the hyenas. I've watched those scenes and the whole movie over and over again to prepare. We had to find a way to make our story fit in seamlessly with the film. This story also needed to add something of value to the original story. And our editor, Nate, has been a HUGE help in sorting out the timeline. I think the fans will be very pleased with what we put together..

This series will of course star and feature lions, tigers, and bears - well, maybe not all those, but animals of various kinds. Trevor, how has the satisfying challenge been going in approaching these characters and setting from the art perspective?

Fraley: I want to be able to make the characters you know keep their iconic looks, while also keeping them fresh and interesting for the story we're trying to tell. There are so many cool ideas in this story that need to be told in a specific way. With my

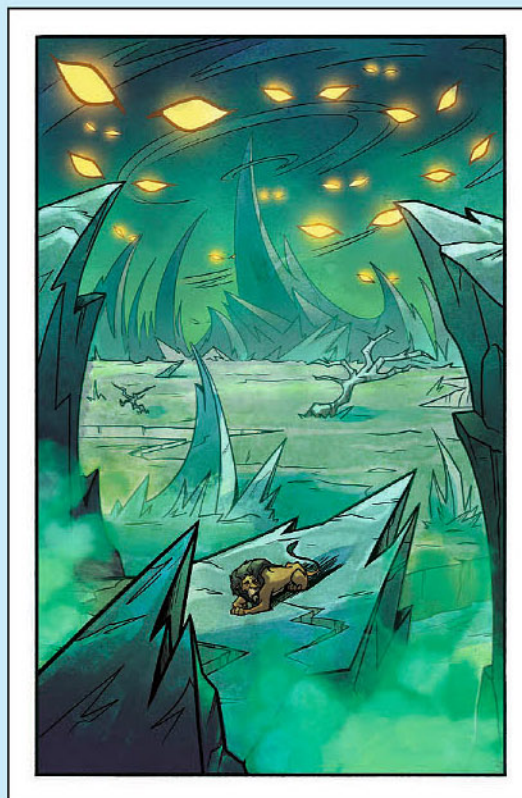

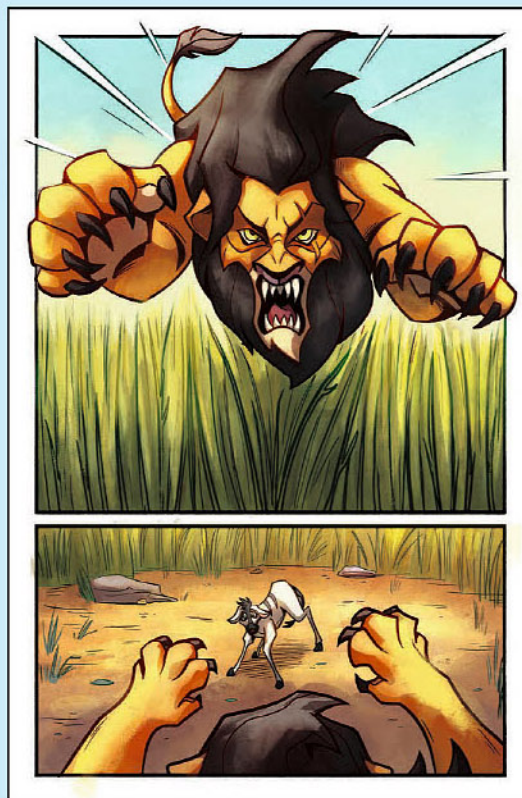

approach, I'm taking a lot of what came before as a foundation and building on top of that. I actually learned how to draw a lion at a young age thanks to the original film, and it feels kind of surreal to be breathing life into something I drew so much inspiration from.

The film features many iconic characters. Beyond Scar, should fans expect to see any of the others here, and/or can you tease us about any possible new ones?

Brown: You'll see characters interact that we didn't get to see in the film. Scar had friends and allies in Mufasa's circle that thought Scar would make a better heir. We're also introducing some winged foes called the Wake. The Wake's scheming and cunning are only second to Scar. Overall, the fans can expect to see a whole new side of the Pride Lands. As well as a few familiar faces and places.

JAMES BOND IS ON THE RUN! WRITER PHILLIP KENNEDY JOHNSON TELLS ALL

Phillip, this is your second story featuring the world's most famous super spy. What's on tap for this one?

In the 2022 007 series, we saw a wounded Bond hellbent on justice for a former lover and partner, which puts him in the crosshairs of the shadowy defense contractor known as Myrmidon. Bond makes a difficult call at the end of that series, and

now in 007: For King and Country, he finds himself disavowed by MI6, on the run, and hunted by every other Double O alive.

Filling the very talented shoes of Marco Finnegan, we're bringing in sensational new artist Giorgio Spalletta, most recently of Red Sonja, Magic, and Alice Ever After. Giorgio's art is PERFECTLY suited to a series like this, with super clean lines, dynamic action, expressive faces, everything you'd want. Much like Marco, he has the rare talent for tailoring his art style to the story he's telling, and I can't wait for readers to see what he's doing on 007: For King and Country.

Gwendolyn Gann is taking on a major role in this story, and you've previously described her as a "new kind" in the classic Bond Girl trope for the franchise. What can fans look forward to seeing from her this time around?

Simply put, Gwendolyn Gann is on Bond's level. She's not just the hot, young mark or seductive double agent that blows in and out of Bond's life and is quickly forgotten. She's Agent 003, a stone-cold killer and operative that Bond respects in a way you don't often see from him.

But 003's Special Agent badassery aside, the reasons I'm so stoked for readers to meet her are her other qualities, which Bond doesn't have in abundance. Bond sometimes describes himself as a "blunt instrument": he kills people for his country, and he claims not to feel any particular way about it. 003 has ALL KINDS of thoughts and feelings about what they do but is every bit as good at it as Bond. She has a more artistic nature than Bond, and an idealism to their line of work that Bond rolls his eyes at, but can't help but admire. Writing them on missions together is a complete joy, and I hope it's as rewarding for fans to read

This time we're rocking the "For King and Country" subtitle. What ideas sparked pulling that one out? A first for a Dynamite Bond title!

The subtitle "For King and Country" is a callback to the current series, a flashback in which 003 taught Bond a formative lesson. A key theme of the series has been the nature of patriotism... how you find it in yourself to continue doing the hard thing "for King and country" even when your service is dishonored or betrayed. Bond makes a difficult call at the end of the first

series, and now finds himself disavowed, on the run, and hunted by every other Double O alive. As 007 and 003 set out to save the very people who want them both dead, I think the title fits.

writer: Billy Tucci
artists: Maria Laura Sanapo, Edu Menna, and Billy Tucci
cover: Maria Laura Sanapo

In "Miss Fury: Joy Division," writer Billy Tucci, along with artists Maria Laura Sanapo and Edu Menna, delves into the eponymous deep dark secret of the Nazi regime during the Second World War. Through the 1940s, several Nazi concentration camps featured brothels wherein Jewish women were forced to work as prostitutes for soldiers. This rarely discussed, dark tragedy of history remains starkly relevant today.

Now, Miss Fury and her team of Black Furies have discovered this cruel phenomenon — and they're going to kick some Nazi ass, in an all-female style mission of revenge. The original graphic novel includes a chapter illustrated by Billy Tucci and fits perfectly into a continuity gap in the original storylines of Miss Fury, taking place in the summer of 1944. Miss Fury — real name Marla Drake — dates back to 1941 and holds the esteemed distinction of being the first female hero created by a woman in the medium.

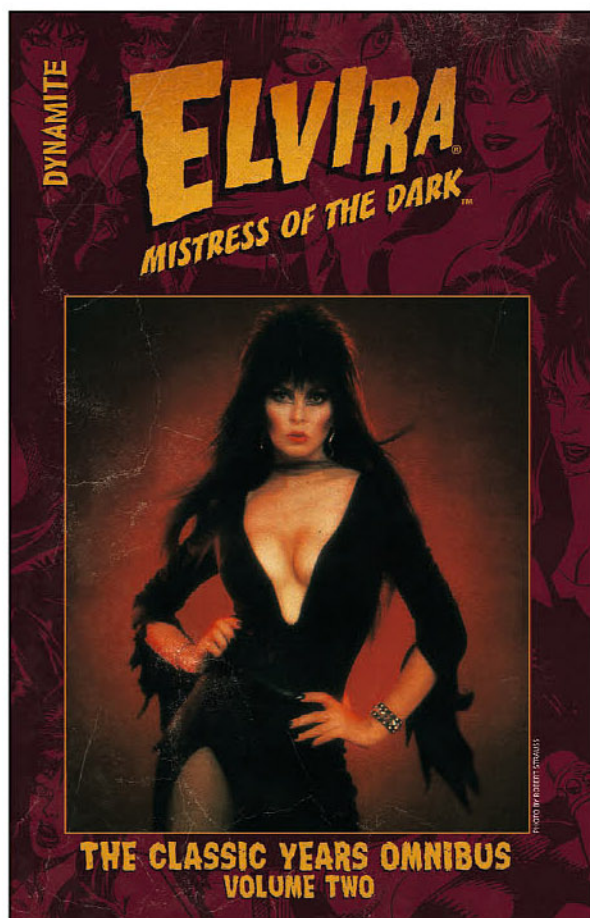

Writer and artist June Tarpé Mills chronicled the tales of the original "Cat Woman" for a full decade in newspaper strips, with the character also licensed at the time for a Marvel comic book. Mills and her heroine were more ahead of their time than even their notable first indicates. Mills dropped her first name when signing the strip to disguise her gender. When Marla was depicted wearing a bikini in a 1947 strip, 37 papers dropped the feature in protest.

This new edition of this original graphic novel features a cover by interior artist Maria Laura Sanapo!

"I take it very, very seriously to honor Miss Fury's creator, June Tarpé Mills, and to bring to light one of the most heinous yet forgotten episodes of the Holocaust." — Billy Tucci

Have you ever wondered what really happens during crossovers? The Seven, Payback, Teenage Kix, Fantastico, and every other superhero on Earth team up for an annual event like no other – and where the superheroes go, can a certain "five complications and a dog" be far behind?

You can only maim and murder so many superheroes before someone decides to do something about it, and in The Boys' case that means Payback – a superteam of unimaginable power, second only to the mighty Seven. Pulping teenage supes is one thing, but how will our heroes fare against Soldier Boy, Mind-Droid, Swatto, the Crimson Countess, and the Nazi juggernaut known as Stormfront? Blood flies and bones shatter, as Butcher and company meet fire with fire.

Where are the real superheroes? Hughie finds out when he meets the teenage adventurers known as Superduper...but Butcher has learned his secret. A dire scheme is set in motion, and at the superhero evangelist festival of Believe, Hughie's relationship with Annie January – aka Starlight of the Seven – reaches its terrible conclusion.

Then, in a story featuring everyone's favorite pint-sized Scotsman, Wee Hughie heads home to Auchterladle – the semi-idyllic Scottish seaside town where he grew up. But our hero's luck has always been more cloud than silver lining, and the familiar surroundings he craves are not all they might be. Old pals are warped beyond recognition, strangers in town are up to no good, and a figure from Hughie's past has come back to resolve some unfinished business.

The long-dreaded superhuman conflict is on its way. But first there are secrets still to be uncovered, like the story of the team's first encounter with supergroup The Seven. Then, Colonel Mallory walks Hughie through the filthiest black ops imaginable. And a shadowy force sets events in motion that will push even Butcher over the edge.

Then...he could have been a very different man. Billy Butcher once had a chance at another life entirely – when the love of a good woman pulled him aside from his dreadful path of violence and despair. This is the story of Billy and Becky, told by the man himself: from the backstreets of London's East End to the carnage of the Falklands War, from the heights of love to the depths of tragedy. And when he's done, he'll be ready to finish things once and for all.

It's been a long time coming. When the Homelander finally sets an army of superheroes against the forces of the United States military, Billy Butcher and The Boys must finish the job they were recruited for: to take every superhero out of the picture. While the battle rages on the White House lawn, Frenchie and the Female are unleashed, Mother's Milk uncovers a terrible secret at Vought-American, and Wee Hughie discovers the senses-shattering truth behind Butcher's ultimate plan of vengeance.

Garth Ennis and Darick Robertson proudly present the final, bloodiest chapter of The Boys.

Having met the Innumerable and joined their cause against the Architects, Barbarella must clandestinely return to the home of the Architects in order to retrieve Vix, left behind when Barbarella was extracted by an agent of the Innumerable. See? We've come full circle!

As is often the case, it's not what you see that's the danger, it's what you can't see, and Barbarella sees plenty of that wherever she sees an Architect. And lest we forget, there is the small matter of the Unnamable out there...

Is Vampirella a "real" person or is she merely a clone of Lilith's first child—*Draculina*? Drawn to Los Angeles by Draculina's unhinged murder of Vampirella look-alikes, the real Vampi confronts her sister in a struggle to prove Vampi deserves to live! Meanwhile, the family reunion from hell continues with Draculina's half-brother, the mysterious half-man, half-sea creature Levi, triggering a mob war with the murder of the fallen angels known as the Watchers, and taking Vampirella hostage in order to draw the ageless demon Belial out of his "retirement."

Just when you thought it was safe to go back into the comic shop...

For over three decades, Madballs and GPK have both been known as the "grossest of the gross," co-ruling counterculture with their pun-heavy names and subversive humor. This all-new limited series event features the first time these two delightfully crude forces have ever met!

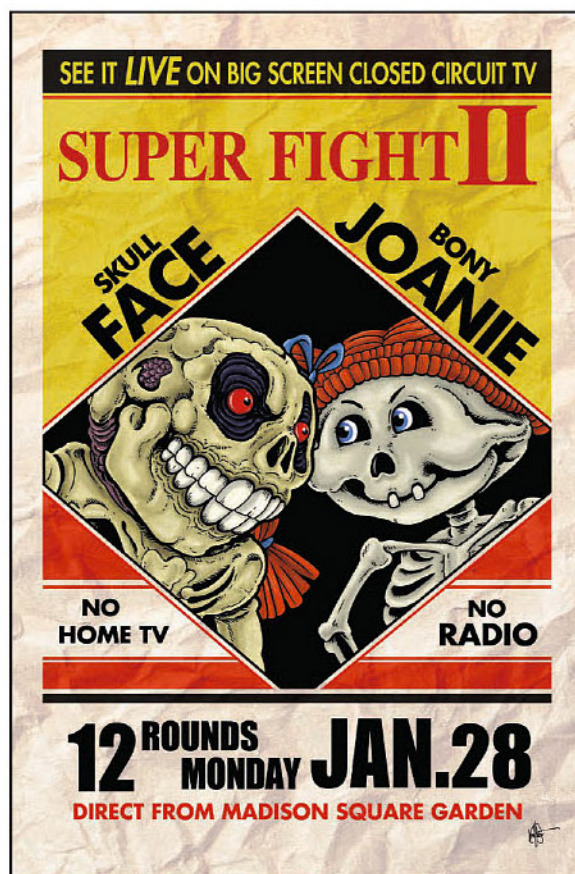

Your freaky favorites, the Madballs and Garbage Pail Kids, are at it again. But this time, the chaos can't be confined to a single neighborhood as we trace the entire history of Madballs-GPK feud – bursting (and oozing) out across the ages!

In this issue: The Garbage Pail Kids and Madballs ride the range as cow-pokes (hey, someone's got to poke those cows). But their competition to see who can make their ghost town more ghastly soon means this town ain't big enough for the both of them! Plus: In the world of 1950s drag-racing greasers, there's nobody greasier than the Madballs and the Garbage Pail Kids! When they go head-to-disembodied head in a drag race of souped-up hot rods (powered by the high-octane of week-old cabbage soup), it's winner take all!

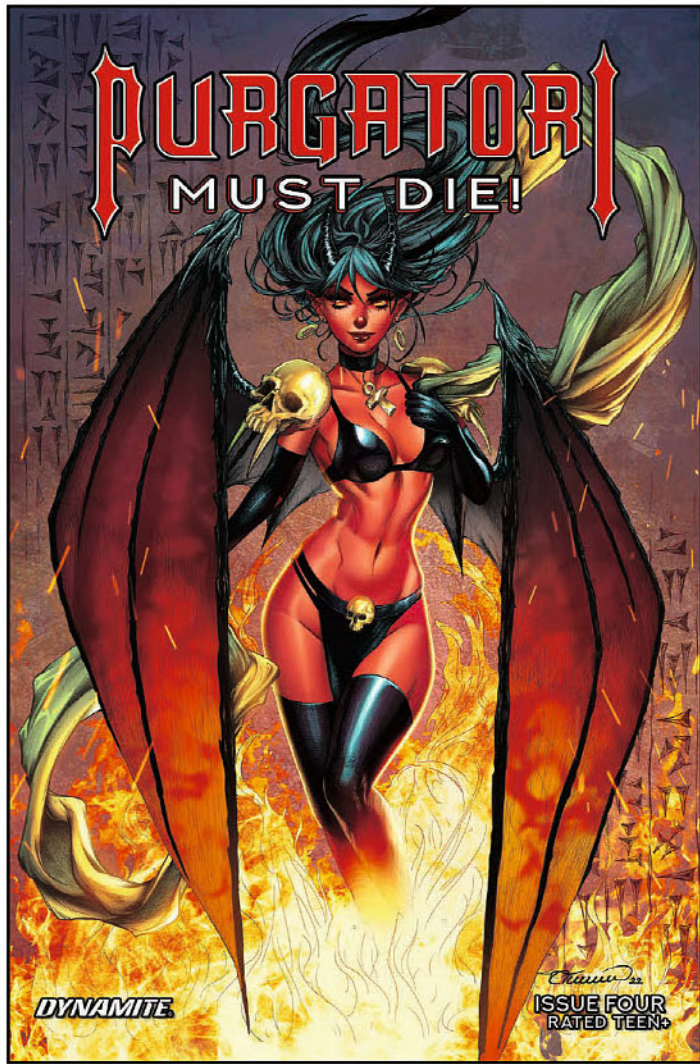

Written by Sholly Fisch, each issue features three incredible covers: Legendary Garbage Pail Kids artist Joe Simko, series artist Jason Crosby and a special Ken Haeser Vintage Fight Poster, created especially for this momentous meeting of the (depraved) minds!

The NYPD gets a code *dead* and investigates the case of a headless-hoodlum, only to find a mysterious, gooey, pink substance on the body at the candy-coated crime scene. Meanwhile, Sweetie's Candy Vigilante have successfully taken back their house and transformed the Ice Cream Bunny to its former glory. Destined to become their new flagship store, it's soon to bring sweetness back to the city—and currently trending on social media too! Isn't that *nice*?

Pixie pledges herself to eternal goodness, and with a sacramental bite of Sweetie's "sweet tooth," joins the ranks of immortals. Debuting new threads, and a new signature weapon, the sugar rush has gifted "Sweet P" with the skill, agility, and drip of a ninja warrior.

We get hard-boiled deets on *the* Peter Cottontail, his hopped-up sidekick Jack Rabbit's jellybean habit, and a super-charged monster truck — fueled by ice cream. Plus, delve deeper into Sweetie's mission statement, and the reveal of a speakeasy for the council of immortals. On the salty side, Sweetie's sworn enemy Bart Volgare and his evil crime syndicate K.Y.E. may think they've destroyed the sweetness, but in time, Sweetie and her Candy Vigilante will see to it that all rotten eggs get their just desserts!

"Like a technicolor grindhouse film. It's a fantastic debut for the character Sweetie, a gory pop-color epic reminiscent of the glory days of Heavy Metal magazine and late-night cult films." —The Comicbook Dispatch

THE MIGHTY BARBARIANS

INTERVIEW WITH WRITER MICHAEL MORECI

What makes for a good team of barbarians?

What inspired the lineup?

MM: Personality goes a long way. The fundamental thing we had in mind was building a team that didn't all think, act, and sound alike. So, I dig through characters that might fit the bill and chose the ones that gave me the best range of voices so those face could bounce off each other to create fun dialogue and good conflicts.

Outside of the works of Robert E. Howard, various other myths and legends influence the universe(s) here. Did you do any particular research about these before jumping in? If so, what's your favorite tidbit of discovery?

MM: I pulled from a lot of sources, particularly myths and legends from various parts of the world. I really tapped into what these pulpy legends are like all over and learned of pretty rich and interesting traditions. We have Nanook, Anansi, and Birka all coming from different places and times, yet they share a lot in common. I especially loved learning about Birka, who has a fascinating history.

Many barbarians make for many personalities. Are you finding any of the characters easier or more difficult to write?

MM: For sure. Like I said, many personalities was the goal, and it makes my job so much easier and more fun.

Has your love of horror movies played a role in how you write the villains or any other element of this book?

MM: Definitely. One of my favorite artists is Guillermo Del Toro. I worship the man. One thing I love about him is how he has this indelible style, this one-of-a-kind point of view, and it's in everything he does. Even when he's doing stuff that's not horror, like *Trollhunters* or *Pinocchio*, there's still that little bit of horror in there that's unmistakably him. I think I have a similar instinct.

Be honest: with your penchant for writing barbarian characters, how many axes do you own?

MM: Haha, none, surprisingly! Though I do want to get my hands on an Axe replica one of these days...

Describe the book in as few words as humanly possible.

MM: Legendary warriors embark on an epic journey filled with twists and turns as they try to stop a powerful evil force.

INTERVIEW WITH ARTIST GIUSEPPE CAFARO

Tell us about some of your artistic/comic influences. Are you stocking up on reference from any influence in particular for *The Mighty Barbarians*?

GC: My influences are varied and range from US comics to French comics and even, perhaps especially, Japanese manga. As for this book in particular, my first thought went to *Conan* drawn by Cary Nord and Mahmud Asrar (especially his latest run), but I also looked for visual ideas in manga like *Hokuto no Ken* and *Berserk*.

How's committing blood, guts, and brutes to paper going? Any special challenges thus far?

GC: I honestly feel very good about drawing this kind of bloody, action, wizard stuff. Usually, classic fantasy is far from my taste, but in this case it's different. Mythology in a dark mood filled with action and also gory scenes – definitely something I feel close to what I love to draw!

There are a LOT of setting changes within the story. Has the portrayal of any of these been more fun/enjoyable than the others?

GC: None in particular. I love all of the settings, and I like that some of them (for example Anansi's) are a first for me, this is challenging. As a lover of extreme cold and icy landscapes, my favorite is probably Nanook's, but so far, I am loving them all!

You designed the look of the characters, as well. Do you have a favorite?

GC: Yep, Ablaze gave me this fantastic opportunity to design all the characters and I'm very happy about it! My preference definitely goes to Morgan, for two simple reasons. First, I've always loved dark wizard women. Second, she's inspired by someone very close to me and my past 😊

If you were a barbarian instead of an artist, what would your weapon of choice be?

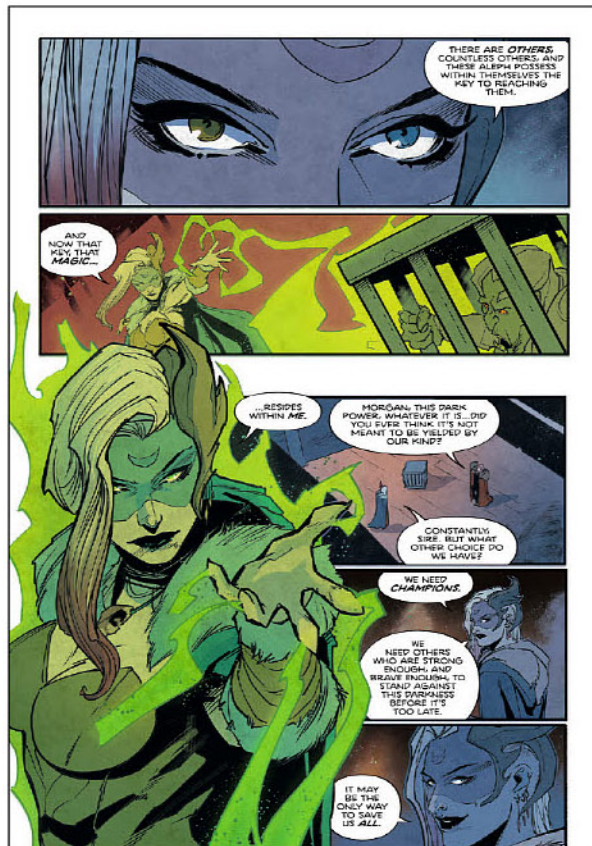

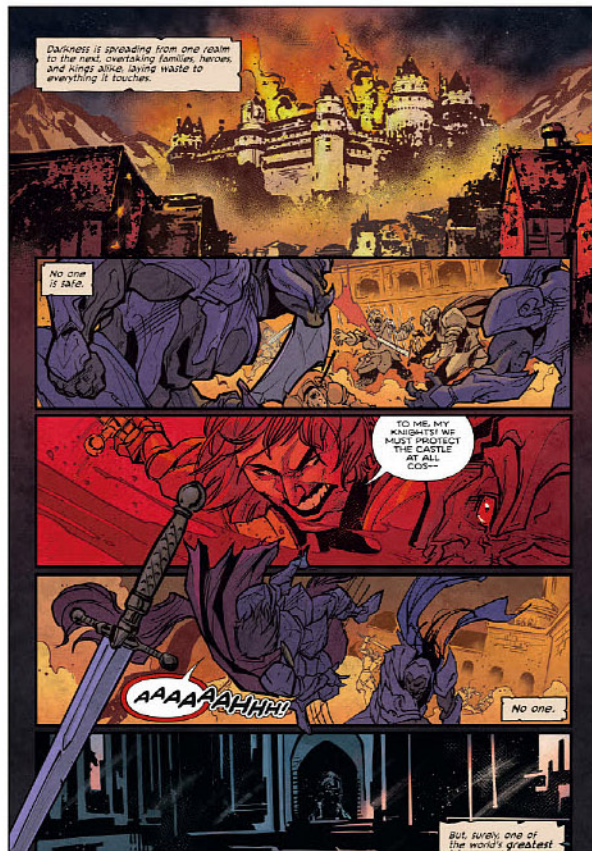

GC: A huge double-bladed battle axe! Not so accurate from a historical point of view, but so freaking cool and gory!

While you are working, do you tend to have anything on in the background, like movies, music, podcasts, etc.? Any particular favorites or anything that you added to your rotation for this book?

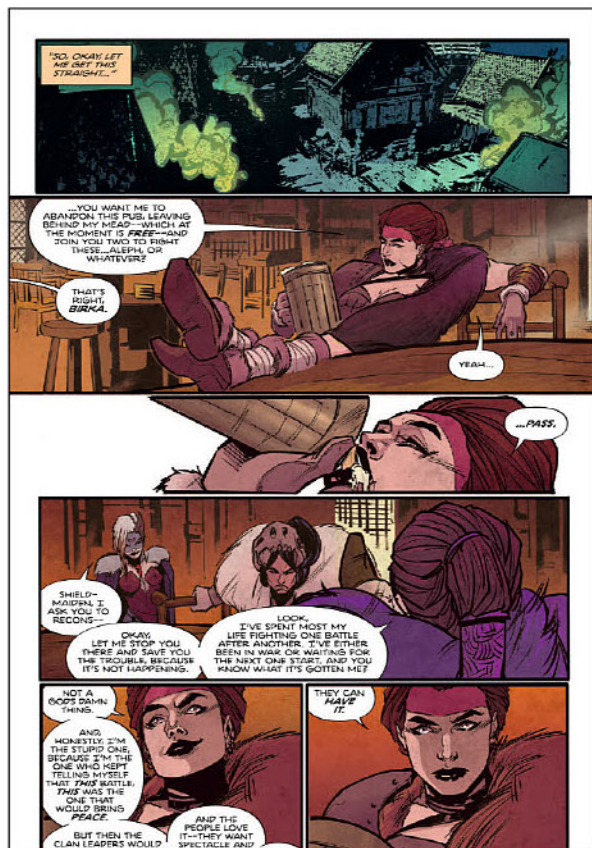

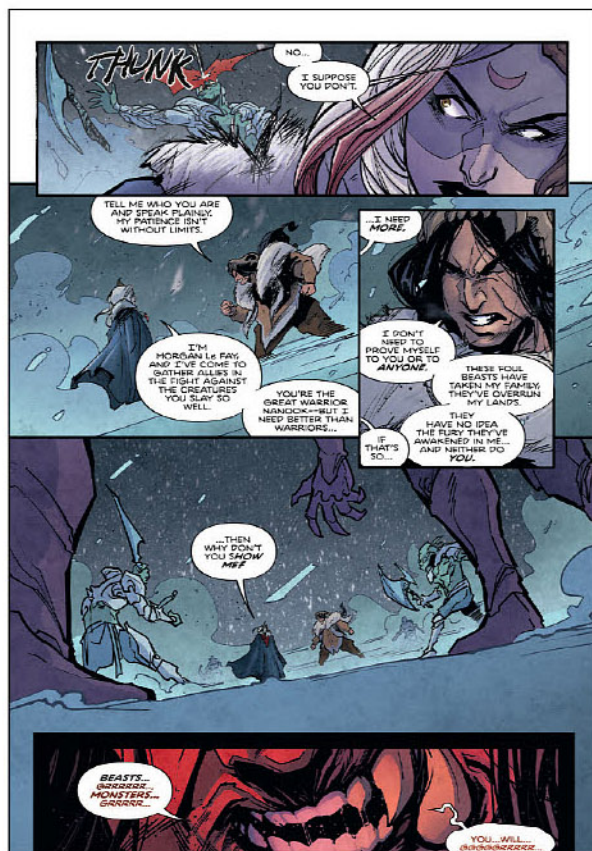

GC: It depends a lot on my mood, and my mood changes from week to week or month to month. When working on layouts, I usually prefer silence, 'cause I want to focus on the storytelling, but once I start with pencils and inks, I love to listen to dark rock, alternative metal (Deftones most of all) or "watch" TV series I've already seen, first of all *Sons of Anarchy*! During the preliminary stages of TMB I also pulled out from my memory some music I used to listen to when I was definitely darker than now, for example *Dark Sanctuary* and *Dimmu Borgir*.

"The unconventional monster art and moody, action-packed narratives make this horror-crime series a must-follow for any aficionado of the macabre." —PUBLISHERS WEEKLY

"The story structure is perfect, mixing in occasional whimsy and the hint of previous adventures that may or may not be told. Baldismo's black and white art has the creepiness of a Warren magazine story. Yet it also blends in a manga influence. It's no wonder that Netflix has picked this book up for their anime programming, it's already cinematic and Trese is a terrific character." —FANBOYPLANET.COM

"If you know nothing about Filipino horror and the monsters that lurk within, this is the place to start." —BOOK RIOT

"Trese adds new life to the supernatural genre, elevating traditional stories passed down through countless generations across the Philippines. Tan's imaginings are the key to unlocking the gates to these little-known tales and making them universal, while Baldismo's mind-blowing art is something to behold." —SYFY WIRE

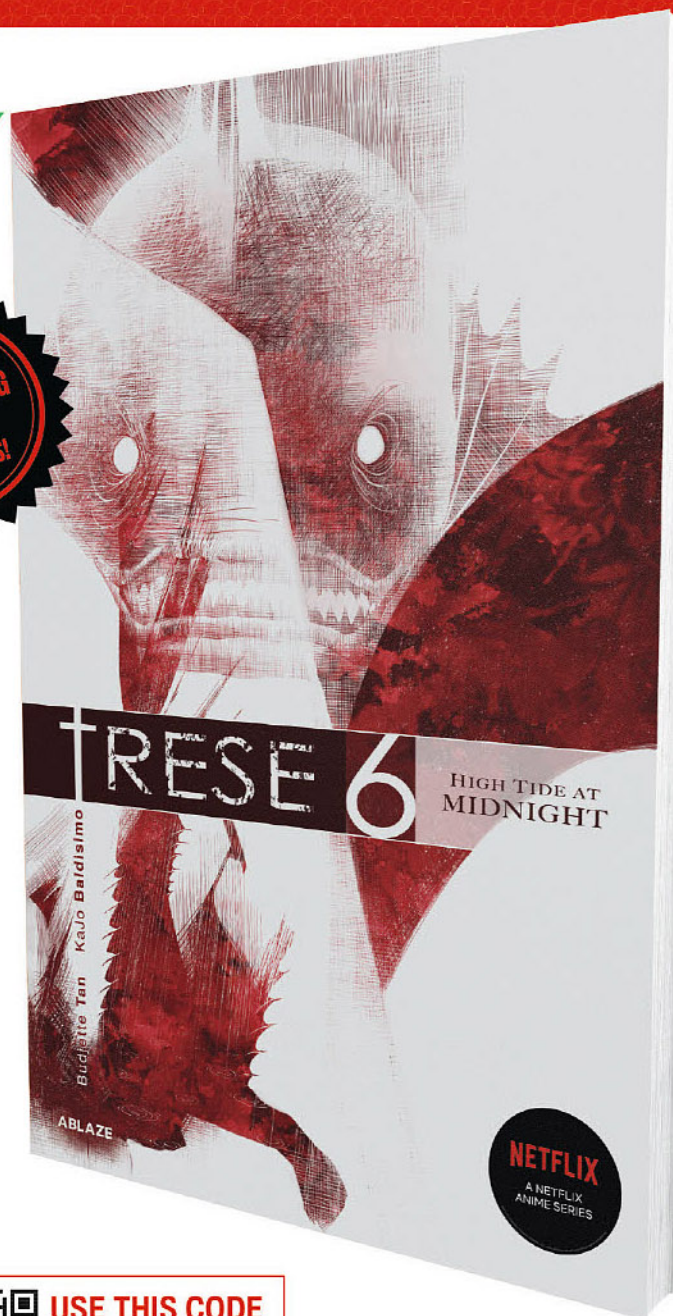

The award-winning Filipino graphic novel series, on which the Netflix anime is based, continues...

Monsoon season has arrived in Manila. Predators that used to hunt sailors in the open sea have found their way into the flooded streets of the city. The unceasing rain muffles the screams of the victims being pulled down into the murky waters.

In places too high to be reached by the flood, the party continues for the privileged, who indulge in a new designer drug which grants them the supernatural abilities of enkanto and aswang.

These are the murders and mysteries Alexandra Trese needs to solve as the tide continue to rise at the stroke of midnight.

ANCIENT ENEMIES THE WRAITH

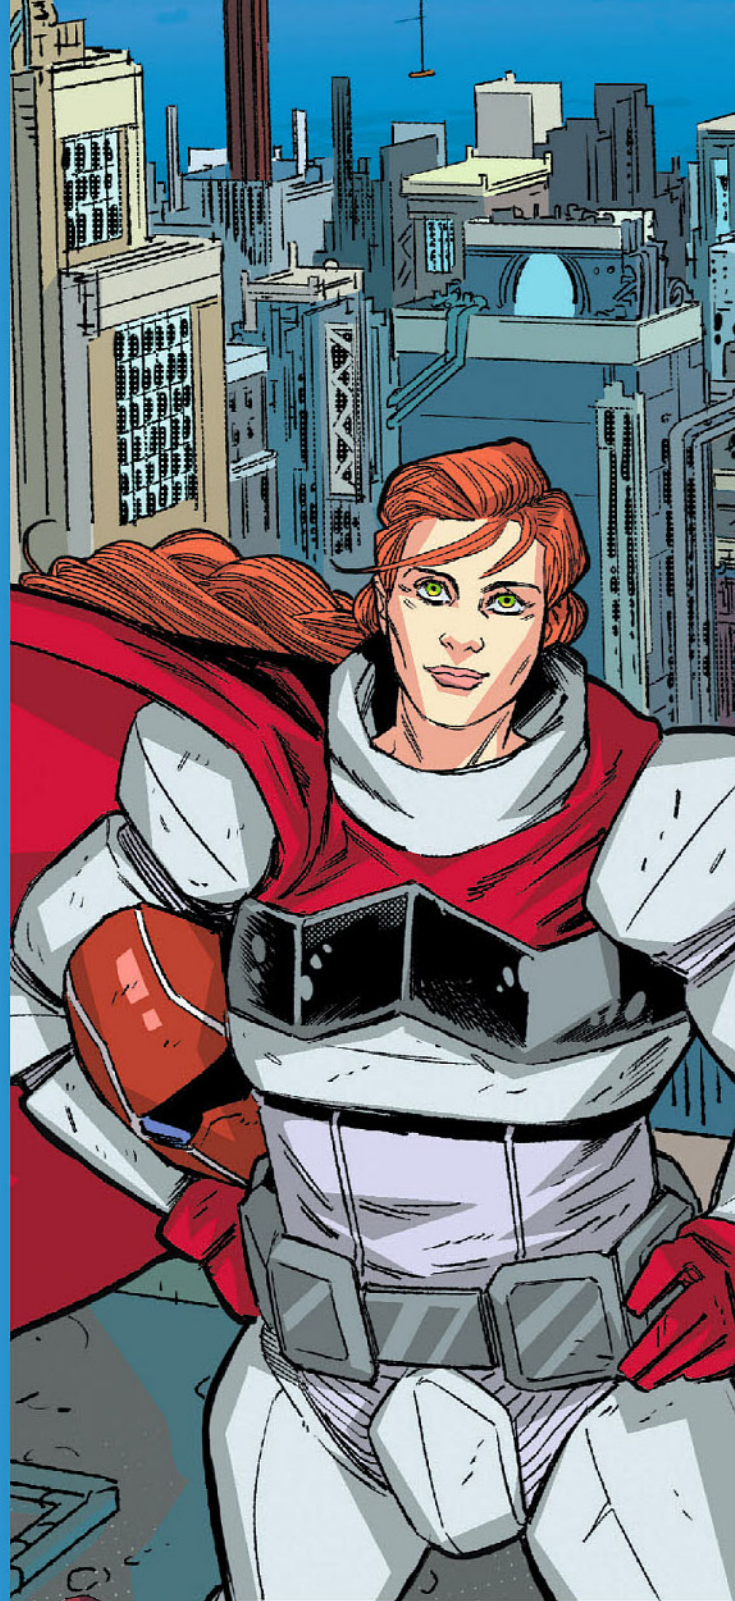

AKA Rosemary Reade, was the only known costumed vigilante in the northeastern United States before the "The Crash." But Rosemary Reade didn't start as a hero. The woman who would become known as the Wraith began her career as the conglomerate visionary of Reade Enterprises. A life consumed as much by capitalism as creation left no time for family—her husband, Richard, 14-year-old daughter, Pamela, and 4-year-old son, Tucker.

Following her daughter's death from an overdose, Rosemary used company funds to craft a suit of armor and took to the streets, lashing out at drug dealers and companies responsible for making the drugs that killed her daughter. Driven by revenge, she not only ignored her son and husband but forced her company to break all ties to any company she felt was tainted with money made from drug sales. This caused the Reade Enterprises' board, headed by Simon Love, to relieve Rosemary of her duties. This did not stop her crusade and only drove her deeper into isolation, with her only confidant being her former college roommate and long-time friend, Morrigan Bonny.

On the day of "The Crash," Rosemary survived by finding refuge in the subway tunnels beneath New York, only to be nearly buried alive if not for the help of the mysterious character known as The Geek. Unfortunately, the rest of her family wasn't as lucky. Her husband had died instantly, and the four-year-old Tucker was "orphaned" and alone, spending the next sixteen years in relocation centers and foster homes.

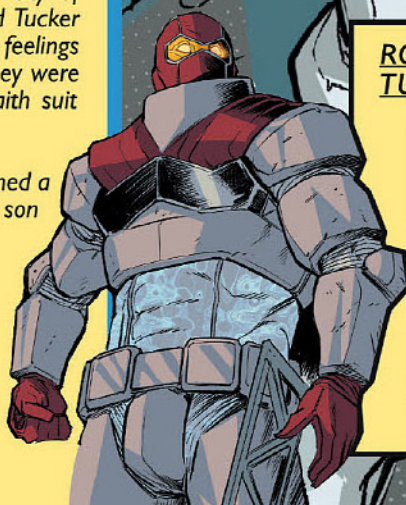

Following her rescue and believing her husband and son were long dead, Rosemary gave up her costume and dedicated herself to helping the people in the newly formed city of Citadel. Rosemary was shocked when 20-year-old Tucker showed up at her door. Their reunion was one of mixed feelings and resentment that lingered into the present day. They were only exacerbated by Tucker's finding her original Wraith suit and claiming it as his own.

Rather than take the original suit back, Rosemary donned a newer version of the Wraith armor and joined her son patrolling the streets of Citadel.

ROSEMARY READE/THE WRAITH TUCKER READE/WRAITH

ABILITIES: Lightweight, transparent aluminum armor gives enhanced strength to the wearer, allows for easy combat movement, and is resistant to gunfire at close range. The suit can also emit diffusion rays to become invisible to the naked eye. The armor also has an array of sensory equipment including but not limited to x-ray, infrared, telescopic vision, radio wave receiver, and sonar.

ANCIENT ENEMIES

THE WRAITH AND SON

Following events from *ANCIENT ENEMIES*, in this **SPECIAL ONE-SHOT**, Rosemary Reade, the original WRAITH, confronts her son, Tucker Reade as he takes on the hero's identity and costume against his mother's wishes. Together they must navigate through the tragedies of their past, with the hope of building a better future. That is, if they don't beat each other senseless first.

BLACK & WHITE: THE RISE & FALL OF BOBBY FISCHER GN

(W) Julian Voloj (A) Wagner William
The life of Bobby Fischer (1943-2008) had many unexpected moves—from his solitary childhood to his stratospheric accomplishments in the world of competitive chess, and eventually, his descent into mental illness and disgrace. By the time Fischer was a teen, he had established himself as a loner and dropped out of school. But none of that mattered; he had found his true calling—chess. In 1972, Fischer played what many consider "the game of the century" against the Soviet Union's chess champion Boris Spassky at the height of the Cold War. Later, Fischer became the youngest-ever US Chess Champion and the game's youngest

grandmaster. Never before had chess received such international attention. Fischer, whose sole focus in life up until then was chess, reached the Olympus of chess at 29, and then... he disappeared. Suffering from mental illness, the chess genius became increasingly paranoid, lost in anti-Semitic conspiracy theories—despite the fact that he himself was Jewish—and died as a fugitive in Iceland. With *Black & White*, author Julian Voloj and illustrator Wagner William have crafted a beautiful and fascinating work that reveals Fischer's history while also contextualizing his lasting impact on culture. KENT STATE: FOUR DEAD IN OHIO GN

(W/A) Derf Backderf (CA) Derf
On May 4, 1970, the Ohio National Guard gunned down unarmed college students protesting the Vietnam War at Kent State University. In a deadly barrage of 67 shots, 4 students were killed and 9 shot and wounded. It was the day America turned guns on its own children—a shocking event burned into our national memory. A few days prior, 10-year-old Derf Backderf saw those same Guardsmen patrolling his nearby hometown, sent in by the governor to crush a trucker strike. Backderf has conducted extensive interviews and research to explore the lives of these four young people and the events of those four days in May, when the country seemed on the brink of tearing apart. (A/CA) John Jennings

More than 35 years after its release, Kindred continues to draw in new

readers with its deep exploration of the violence and loss of humanity caused by slavery in the United States, and its complex and lasting impact on

the present day. Dana, a young black woman, is suddenly and inexplicably transported from her home in 1970s California to the pre-Civil War South. As she time-travels between worlds, one in which she is a free woman and one where she is part of her own complicated familial history on a

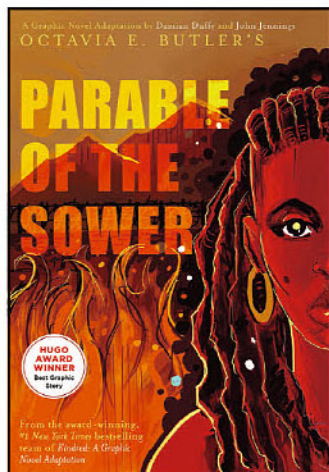

southern plantation, she becomes frighteningly entangled in the lives of Rufus, a conflicted white slaveholder and one of Dana's own ancestors, and the many people who are enslaved by him. (STL261380)

**Abrams Comicarts - Megascopes****THE LAST COUNT OF
MONTE CRISTO GN**

(A) David Roach

The Last Count of Monte Cristo is a bold retelling of Alexandre Dumas's

classic tale of love, betrayal, revenge, and redemption. This speculative update pushes the narrative into a future hundreds of years after the polar ice caps have

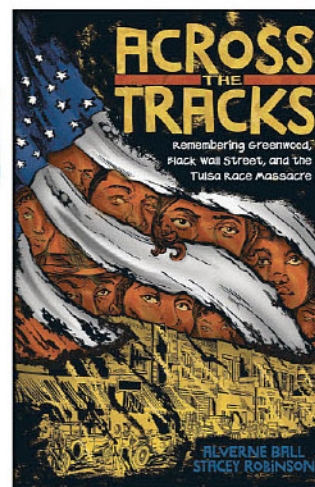

melted and submerged our planet into a new era of technology and culture. In this Afrofuturistic reinterpretation, author Ayize Jama-Everett and illustrator Tristan Roach revisit the original inspiration of The Count of Monte Cristo—Alexandre Dumas's own father. Like the protagonist of his son's story, General Dumas was betrayed and spent years in prison before getting a chance to return to

his beloved France. *The Last Count of Monte Cristo* is a radical and powerful graphic novel update that reclaims the cultural heritage of Dumas's tale and suggests the terrible future that could threaten the human race if we continue to destroy our planet. (STL261376) (C: 0-1-0)

WIZKIT GN

(W/A) Tanya J Scott
It's a wild, enchanted, wonderful world out there, way beyond the fjord that a one-eyed cat named Wizkit calls home. But Wizkit wouldn't know anything about that—as a Wizard's apprentice, all her lessons are indoors, and she's far too lazy to go out exploring. There's no need to—she already knows enough spells to conjure up delicious snacks whenever she's hungry! But when an overdue library book literally cries out to be returned, Wizkit's Teacher decides she must be the one to take it back. Reluctantly (and rather accidentally), the journey to the Library begins. With the annoyingly optimistic Book in tow, Wizkit sets off on an adventure that is full of strange characters with even stranger problems. Wizkit will soon find out that, with a little

CRIMSON QUAYS GN

(W) Jonathan Bousfield

(A) Igor Hofbauer

Before the beekeeper arrived, the *Crimson Quays* was just a well-appointed tourist trap: a luxury travel resort replete with swimming pools, musical performances, and amusement park rides. However, the resort's crowning glory—the very feature that drew the beekeeper to the island in the first place—was the zoo. Although the beekeeper, a biologist by trade, was tasked with the construction of the zoo, he was rarely spotted at resort events. Instead, he spent his evenings chasing other zoological pursuits—specifically, he was attempting to crossbreed a new species of wolf that would thrive in the resort's arid climate. The beekeeper's odd behavior went mostly unnoticed... until the night the animals got out. (STL261407) (C: 0-1-0)

MOON BOOTS: CHRONICLES OF A COUNTRY CROONER GN

(W/A/CA) Lorenz Peter

When Lester LaFleur's relationship is upended by a breakup with his girlfriend, he decides to leave the city for good. With his guitar on his back and cowboy boots on his feet, Lester heads west across Canada, playing his hurtin' songs in empty taverns and to anyone who cares to listen. As Lester travels across the country, he meets others who appreciate his music and share his experiences—and develops a deep kinship with his fellow drifters. As they ride together toward their unknown fortunes, adventures ensue. Cartoonist Lorenz Peters uses gentle humour and expressive lines to explore the lifestyle of a travelling musician—and discovers that sometimes, home is the open road and family is the people you meet along the way. PALOOKAVILLE 23 HC

(W/A/CA) Seth

Palookaville 23 marks the culmination of twenty years of serialization: here, *Clyde Fans* comes to a conclusion. In this final chapter, we return to Simon Matchcard and the year 1957, exactly where we left off at the end of the first *Clyde Fans* volume. After his disastrous attempt at sales in the city of Dominion, we witness the out of body experience and ecstatic "vision" that sets Simon on his path of lonely isolation in the years to come. But of course that's not all; the next installment in Seth's memoir, *Nothing Lasts*, follows him from late childhood to his high school years, from innocent crushes to adolescent brooding, all told with what has become Seth's signature anecdotal approach to autobiography. AYA: LIFE IN YOP CITY GN

Ivory Coast, 1978. It's a golden time, and the nation, too—an oasis of affluence and stability in West Africa—seems fueled by something wondrous. Aya is loosely based upon Marguerite Abouet's youth in Yop City. It is the story of the studious and clear-sighted 19-year old Aya, her easy-going friends Adjoua and Bintou, and their meddling relatives and neighbors. It's wryly funny, breezy account of the simple pleasures and private troubles of everyday life in Yop City. (STL191897)

How to encapsulate a life, in all its messiness, epiphanies, misunderstandings, disappointments, and joys? With *George Sprott 1894-1975*, Seth offers one tragicomic answer. Page by page, we learn about George — outmoded television host, creature of habit, charming if pompous old man, selfish lover, man about to die-and though this is ultimately the story of one man's death, Seth leavens it with humor and restraint. HOT COMB GN

(W/A/CA) Ebony Flowers

Hot Comb offers a poignant glimpse into Black women's lives and coming of age stories as seen across a crowded, ammonia-scented hair salon while ladies gossip and bond over the burn. The titular story is about a young girl's first perm—a doomed ploy to look cool and to stop seeming "too white" in the all-black neighborhood her family has just moved to. Realizations about race, class, and the imperfections of identity swirl through Flowers' stories, which are by turns sweet, insightful, and heartbreaking. (STL14404)

REYNARD'S TALE: A STORY OF LOVE AND MISCHIEF HC

(W/A/CA) Ben Hatke

Beloved children's author Ben Hatke turns his pen to a very special project for adults: an atmospheric tribute to the medieval folklore tradition of trickster tales, starring Reynard the Fox. Inspired by the twelfth-century tales of the indomitable trickster fox Reynard, this offbeat tribute to the archetypal rogue has a satisfyingly old-fashioned feeling to it. Although this Reynard adventure is entirely the creation of modern fairy-tale master Ben Hatke (*Mighty Jack*), it fits seamlessly into the body of Reynard tales still beloved in Europe to this day. Featuring charming black-and-white illustrations and a clever narrative, *Reynard's Tale*

follows our hero through a series of encounters with other classic figures from this body of folklore to piece together a headlong journey through a perilous landscape filled with murderers, kings, ex-lovers, mermaids, and even Death herself. (STL260371) (C: 0-1-0)

Initially announced as "Project Dolphin," the GameCube represented Nintendo's transition to the world of digital media. *The GameCube Anthology* is a unique and original book celebrating the machine's memory. The year was 1999. The graphic quality of console productions was nearing that of the pre-rendered 3D that had astonished us a few years earlier on the PlayStation especially. Brought to life by the new, so-called "128-bit generation" of consoles. Nintendo would have to play the pioneers if they hoped to compete. Up against their old enemy (Sega), a new and successful console (PlayStation), and the powerful newcomer from the PC industry (Microsoft), the Kyoto-based company geared up for a new console war. From the Cube's origins to the end of its life cycle, the *GameCube Anthology* covers it all in this new and richly illustrated account. (STL261698) (C: 0-1-2)

ANOTHER BAND'S TREASURE GN

(W/A) Hua Lin Xie

In a small village in Paraguay, Diego dreams of giving music lessons to the children he sees each day. The only problem: there aren't enough instruments to go around. But when he and Nicolas, a carpenter, look to a nearby landfill, they see instruments in the making. Soon, a paint can, a wooden plank, and a faucet knob become the start of a violin—and their recycled instruments give the kids in town new ways to express themselves. Inspired by the true story of La Orquesta de Instrumentos Recicladados de Cateura, Hua Lin Xie's first graphic novel is a big-hearted ode to the power of music. (STL260494) (C: 0-1-0)

A Creator You Should Know: JOSÉ LUIS GARCÍA-LÓPEZ

José Luis García-López has an extensive résumé as a penciller, with significant additional credits as an inker, colorist, and cover artist. He is an artist with the skills to match writers' grandest story ideas and the ability to draw characters in dramatic, albeit realistic, poses that propel the action. His long relationship with DC Comics began in 1975, inking the pencils of Dick Dillin and Curt Swan on *Action Comics* and *Superman*, respectively. Later in '75, García-López and Gerry Conway created the *Hercules Unbound* series, he worked with Michael Fleisher to launch the *Jonah Hex* ongoing series in '77, and teamed with Martin Pasko to kickoff *DC Comics Presents* in '78. García-López is celebrated for his illustrations in several DC style guides that are used for merchandise licenses around the world. Since defining the look of DC characters in that initial 1982 guide, he contributed to additional style guides for the next 30 years. García-López's work has appeared in most DC mainstays from *Action Comics* to *World's Finest Comics* in a career that spans 50 years.

**SUNSHINE GN**

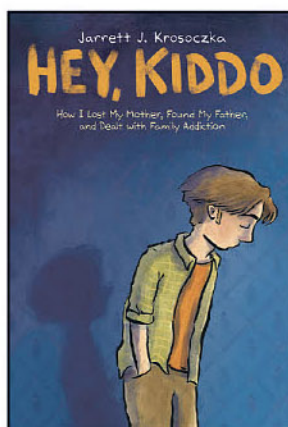

(W/A/CA) Jarrett J Krosoczka

The extraordinary — and extraordinarily powerful — follow-up to *Hey, Kiddo*. When Jarrett J. Krosoczka was in high school, he was part of a program that sent students to be counselors at a camp for seriously ill kids and their families. Going into it, Jarrett was worried: Wouldn't it be depressing, to be around kids facing such a serious struggle? Wouldn't it be grim? But instead of the shadow of death, Jarrett found something else at Camp Sunshine: the hope and determination that gets people through the most troubled of times. Not only was he subject to some of the usual rituals that come with being a camp counselor (wilderness challenges, spooky campfire stories, an extremely stinky mascot costume), but he also got a chance to meet some extraordinary kids facing extraordinary circumstances. He learned about the captivity of illness, for sure, but he also learned about the freedom a safe space can bring. (STL260341) (C: 0-1-0)

HEY KIDDO GN

(W/A/CA) Jarrett J Krosoczka

In kindergarten, Jarrett Krosoczka's teacher asks him to draw his family, with a mommy and a daddy. But Jarrett's family is much more complicated than that. His mom is an addict, in and out of rehab, and in and out of Jarrett's life. His father is a mystery—Jarrett doesn't know where to find him, or even what his name is. Jarrett lives with his grandparents, two very loud, very loving, very opinionated people who had thought they were through with raising children until Jarrett came along. Jarrett goes through his childhood trying to make his non-normal life as normal as possible, finding a way to express himself through drawing even as so little is being said to him about what's

going on. Only as a teenager can Jarrett begin to piece together the truth of his family, reckoning with his mother and tracking down his father. (STL094160)

TERRYS CREW GN

(W) Terry Crews, Cory Thomas

(A) Cory Thomas

Actor-author-athlete Terry Crews digs into his childhood in Detroit to tell a story of fitting in and finding your place in his showstopping debut middle-grade graphic novel. Young Terry Crews has a Big Dream Plan: He wants to become a MULTI-HYPHENATE. That means he wants to be an artist. And a football player. And a musician. And maybe a NASA scientist, too! OK, maybe it's ambitious, but his parents worked hard so he could go to a new school—Rock City Academy, a prestigious institution (read: rich kids go there) where he's sure he can make his mark at the talent show. Along the way, Terry's plan is threatened by his grades, which slip below Mom-and-Dad-approved levels, as well as the schemes of the school's football star, Rick, who won't stop until Terry quits the talent show altogether. No matter what challenges he faces, though, Terry knows that he always has his crew to back him up. (STL243242) SC, 6x9, 208pgs, FC.....\$12.99

The first graphic novel adaptation of Charles Ferdinand Ramuz's modernist classic. Called "the sensation of the Left Bank" by the *New York Times*, Charles Ferdinand Ramuz was compared to writers as great as Faulkner and Homer. *Derborence* is the story of a devastating alpine landslide, of the grief-stricken villagers who are haunted by what they believe is the ghost of a man who should not have survived the unsurvivable, and of a woman who refuses to give up hope. A tragic tale full of endearing characters and harsh mountain landscapes, Ramuz's famous novel lends itself perfectly to graphic novel form. (STL261406) (C: 0-1-0)

The story of three punk rock witches, Alice, Hazel, and Maggie, who cast spells with their songs to battle corporate demon jerks, defeat rival witch bands, save the world, and get to the next gig.

Black Cat Social Club have been at this “band thing” for quite a while, with limited success. [Bummer.] Despite their kick-ass punk rock skills (and a little songcasting magic), these witchy women have been struggling to reach their big break. Discouraged, bassist Hazel sells her soul to a demon for more magical power, prompting singer/lead guitarist Alice to step in and assume the debt herself! Plus side, the band is killing it at their shows now. Downside? They may literally be killing the entire world by fueling these corporate demons’ evil plans, which for sure involve brimstone, monsters... you know, the works!

Can the band stop the apocalypse? Is drummer Maggie’s songwriting, uh, “technique” the key? Will the demon Stan ever shut up?! If you’ve ever wished *Josie and the Pussycats* had more demons, or *Buffy* was fronting a three-piece rock band, you’ve found your next favorite book in *Black Cat Social Club*!

ARMED WITH MADNESS GN

(W) Mary M. Talbot (A) Bryan Talbot
Reluctant muse and feminist champion—heirless, rebel, refugee—and perhaps the last of the great surrealist artists, Leonora Carrington played many roles in her long and extraordinary life. Exchanging her privileged upbringing in prewar England for the more exciting elite of Paris's 1930s avant-garde, she comes to rub shoulders (and more) with the likes of Pablo Picasso, Man Ray, and Salvador Dalí after embarking on a complicated love affair with Max Ernst. But the demons that have both haunted and inspired her work are gathering, and when the world goes mad with the outbreak of war and the Nazi invasion, Leonora's own hold on reality collapses into a terrifying psychotic episode of her own. This new work by the acclaimed partnership of Mary and Bryan Talbot celebrates the life and career of a truly remarkable artist and woman. CREATOR SPOTLIGHT : CULLEN BUNN

Q: Readers might be forgiven for assuming that the titular creatures of Nightwalkers are still simply vampires, though they'd be quite wrong. How are the Nightwalkers different from your run-of-the mill bloodsuckers?

"Part of the fun of this series for me is playing with the expectations of vampires. There will be times, especially early on, when readers will think they have a pretty good understanding of these creatures. They'll think they know where they are going and what they are up to. But we're going to use those expectations against them as often as possible." - Cullen Bunn

SACRED LAMB GN

(W) Tim Seeley

(A) Jelena Dordevic-Maksimovic

Sacred Lamb is a secret town where the survivors of endemic slasher killers (think real-world Jason Vorhees, Michael Myers, Freddy Krueger) reside in a "witness protection" to stop innocent people from being murdered when the inevitable "sequel" occurs and the slasher returns from the dead. Social media influencer Kellyn West, who just recently dispatched "her" own slasher killer Clay Coogan on a live stream, is the newest resident. Feeling more locked away than protected behind the barbed wire fenced-in town, where the government has hidden away these E.V.s ("Endemic Victims") since the slasher spree started in the 1970s, Kellyn has to team with an old woman, and the original Survivor Girl, known only as "The Babysitter"

The Eye of the World: The Graphic Novel has been hailed as an exciting interpretation of Robert Jordan's classic fantasy novel. The first volume introduces Rand al'Thor and his friends Matrim and Perrin at home in Emond's Field, shortly before the spring festival. Moiraine Damodred and Lan Mandragoran appear and almost before Rand knows it, a vicious band of half-men, half beasts invade the Two Rivers seeking their master's enemy. Moiraine must persuade Rand al'Thor and his friends to leave their home and enter a larger unimaginable world filled with dangers waiting in the shadows and in the light. (STL260502) (C: 0-1-0)

CLIFFHANGER!: THE CINEMATIC SUPERHEROES OF THE SERIALS HC
 (W) Christopher Irving
 Hold on tight as historian Christopher Irving explores the origins of the first on-screen superheroes and the comic creators and film-makers who brought them to life. *CLIFFHANGER!* touches on the early days of the film serial, to its explosion as a juvenile medium of the 1930s and '40s. See how the creation of characters like Superman, Captain America, Spy Smasher, and Captain Marvel dovetailed with the early film adaptations. Along the way, you'll meet the stuntmen, directors (Spencer Bennett, William Witney, producer Sam Katzman), comic book creators (Siegel & Shuster, Simon & Kirby, Bob Kane, C.C. Beck, Frank Frazetta, Will Eisner), and actors (Buster Crabbe, George Reeves, Lorna Gray, Kane Richmond, Kirk Alyn, Dave O'Brien) who brought them to the silver screen. (STL256070) (C: 0-1-1)

FIRST THERE WAS CHAOS: HESIOD'S STORY OF CREATION HC

(W/A) Joel Priddy

Greek myth has inspired stories and art for millennia. And yet some stories and characters remain unfamiliar. *First There Was Chaos* explores the formless, primordial, and extraordinary forces that preceded the Olympian gods. These tales of Creation illustrate the creative process, giving cosmic form to the universal struggles of all creators. Based on Hesiod's *Theogony* and other classic sources, *First There Was Chaos* synthesizes fragmentary myths into a compelling narrative accessible to a contemporary audience. One week ago...they returned. Changed. Radicalized to bring down the empire they once served. WHITE OWL

A SELECTIVE HISTORY OF "BAD" VIDEO GAMES HC

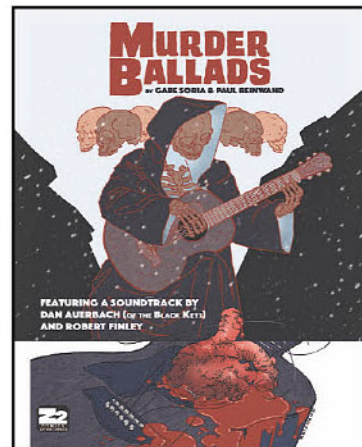

(W) Michael Greenhut
A Selective History of "Bad" Video Games will walk you down memory lane and perform unholy excavations of games you remember, games you've forgotten, and games you never knew you wanted to read about during your lunch break. From a seemingly nude Atari 2600 karate referee to a basketball star doing martial arts to a tiger that speaks broken English and walks through walls, the book will try to uncover what the developers were thinking—and occasionally succeed. While there's been some recent coverage of the most famously "bad" video game — *E.T.* — this book starts there and documents 40 other curiously (or unsurprisingly) unsuccessful video games, exploring why these games failed, whether or not they truly deserved it, and what could have made them better. (A/CA) Paul Reinwand
Featuring an original soundtrack from Dan Auerbach of the Black Keys and Robert Finley. A meditation on music, race, obsession, and how far someone will go to see their vision become real, *Murder Ballads* follows the fall and reinvention of Nate Theodore, the dead-broke and dead-beat owner of a failed record label who is on a cross-country drive in the dead of winter with his wife Mary, fleeing the wreckage of their business and heading towards the destruction of their marriage. But Nate is given an unexpected chance to redeem himself when, during an unscheduled detour, he "discovers" Donny and Marvell Fontweathers, two African-American brothers who play a singular version of doom-laden country blues. DIAMOND SELECT TOYS FEELS THE FURY OF KHONSHU WITH THE MOON KNIGHT BUST

From the pages of Marvel Comics comes the next addition to Diamond Select Toys' Legends in 3-Dimensions bust line, Moon Knight!

Created by Doug Moench and Don Perlin and famously drawn by Bill Siekiewicz, Moon Knight is former soldier and mercenary Marc Spector. His psyche fractured and his soul possessed by the spirit of the Egyptian god Khonshu, Spector dresses in white robes and cape reminiscent of a mummy's shroud and battles the forces of evil as the vigilante Moon Knight. Diamond Select Toys' *Marvel Legends in 3-Dimensions: Moon Knight 1/2-Scale Bust* depicts the featureless visage of Moon Knight from the comics, cloaked and hooded in his robes, his half-moon sigil on his chest.

Measuring 10 inches tall, this striking piece designed by Joe Allard and sculpted by Joe Menna will make an impression in your Marvel Comics collection!

From Iron Studios. Wielding a giant iron war mace with six blades on top of his head, capable of killing dozens of men with a single strike, the fearsome Dark Lord reveals himself as if he was in the battleground. Wearing darkened steel armor similar to his old master Morgoth, worn to bind his spirit to his body, with his back covered by a rustic black cape and his face hidden by a sinister helmet with a crown of blades over his head. His imposing figure stands out on a diorama pedestal that replicates in detail his stronghold called Barad-dûr in Mordor, his base of operations during the Second Age and the end of the Third Age. An entity whose mere presence causes fear in the heart of the bravest, Iron Studios bring the Sauron Deluxe The Lord of the Rings Art Scale 1/10-SCALE Statue with the main and most feared antagonist in the saga created by J.R.R. Tolkien, such as seen in the movie trilogy by director Peter Jackson. (STL258086) Item has been previously solicited in *New to Order*. Scheduled to ship in September 2023.
